

FEDERAL ELECTION COMMISSION  
WASHINGTON, D.C. 20463

RQ-2

John H. Hager, Treasurer  
Republican Party of Virginia, Inc.  
115 East Grace Street  
Richmond, VA 22319

APR 2 1997

Identification Number: C00001305

Reference: Year End Report (12/1/96-12/31/96)

Dear Mr. Hager:

This letter is prompted by the Commission's preliminary review of the report(s) referenced above. The review raised questions concerning certain information contained in the report(s). An itemization follows:

-Schedule H3 of your report discloses a transfer(s)-in from a non-federal account(s) for administrative/voter drive which appears to exceed the permissible amount(s) indicated by your allocation ratio for administrative/voter drive. Please be advised that transfers for shared activity must not exceed the non-federal share of the joint disbursements and that these transfers must be made within a 70-day time period; no more than 10 days before or 60 days after payment to the vendor. 11 CFR §§106.5(g)(2) and 106.6(e)(2) Please clarify the nature of these transfers-in from the non-federal account.

The Commission recommends that you immediately transfer the total excessive amount received by your federal account back to your non-federal account. Although the Commission may take further legal action concerning this prohibited activity, your prompt action will be taken into consideration.

-The beginning cash balance of this report should equal the ending balance of your 30 Day Post-General Report. Please clarify this discrepancy and amend any subsequent report(s) that may be affected by this correction.

-The totals listed on Lines 6(c) and 7, Column B of the Summary Page appear to be incorrect. Please be advised that you should add the "Calendar Year-to-Date" total from your previous report to the current "Total This

Period" figure from Column A to derive the correct Column B totals. Please amend your report and any subsequent reports that may be affected by this correction.

-The totals listed on Lines 11(a)(ii), 11(a)(iii), 11(c), 11(d), 19, 20, 21(a)(i), 21(a)(ii), 21(b), 21(c), 30 and 31, Column B of the Detailed Summary Page appear to be incorrect. Please be advised that you should add the "Calendar Year-to-Date" total from your previous report to the current "Total This Period" figure from Column A to derive the correct Column B totals. Please amend your report and any subsequent reports that may be affected by this correction.

-Line 11(c) of the Detailed Summary Page of your report discloses a total of \$.00 in contributions from other political committees. The sum of the entries itemized on Schedule A, however, indicates the total to be \$50. Please amend your report to clarify the discrepancy.

-Your calculations for Line 19, Column A appear to be incorrect. FEC calculations disclose this amount(s) to be \$195,868. Please provide the corrected total(s) on the Detailed Summary Page.

-Your report discloses an outstanding balance(s) beginning this period for a debt(s) owed to Coopers & Lybrand LLP and Envelopes Only, Inc.. However, an outstanding balance(s) at the close of the period was not disclosed on your 30 Day Post-General Report. Please amend your report(s) to clarify this discrepancy.

A written response or an amendment to your original report(s) correcting the above problem(s) should be filed with the Federal Election Commission within fifteen (15) days of the date of this letter. If you need assistance, please feel free to contact me on our toll-free number, (800) 424-9530. My local number is (202) 219-3580.

Sincerely,

Andrew J. Dodson  
Senior Reports Analyst  
Reports Analysis Division

The first part of the paper discusses the importance of the research and the objectives of the study. It highlights the need for a comprehensive understanding of the subject matter and the role of the researcher in this process. The second part of the paper presents the methodology used in the study, including the data collection methods and the analysis techniques. The third part of the paper discusses the results of the study and the conclusions drawn from the findings. The final part of the paper provides a summary of the key points and offers suggestions for future research.

The research was conducted in a systematic and rigorous manner, following the principles of scientific inquiry. The data was collected from a representative sample of the population, and the analysis was performed using advanced statistical techniques. The results of the study indicate that there is a significant relationship between the variables under investigation, and this finding has important implications for the field of study.

In conclusion, the study has provided valuable insights into the subject matter and has contributed to the existing body of knowledge. The findings suggest that further research is needed to explore the underlying mechanisms and to test the generalizability of the results. The researcher hopes that this study will serve as a foundation for future work in this area.
